SallieMae Payment Plan

This service allows your credit card, savings account or checking account to be billed the same amount each month automatically to pay off the balance, based on a 4, 10 or 12 month term. The 4 month plan begins on 8/15, 1/15 or 5/15. The 10 month plan begins 7/15. The 12 month is more portable where you can start the term any month of the year and it will follow with 12 months until paid. Make sure you choose the right link for the right term length based on these facts.

Go to www.tuitionpay.salliemae.com and select enroll now. This walks you through the process. If you have questions, please feel free to call.

For the 4 or 10 month plans, payments are deducted each month on the 15th and the link is https://tuitionpay.salliemae.com/tuitionpay/enroll/enrollstep1.aspx?ficeNo=002397.
For the 12 month plans, the payments are deducted each month on the 28th and the link is https://tuitionpay.salliemae.com/tuitionpay/enroll/enrollstep1.aspx?ficeNo=904240.

Once you select the length, you will need to enter in the amount due to Belhaven. This is purely automated and will use the card/account you give each month. This site would also tell you how much the service fee is for the term you have selected.

SallieMae will forward your monthly payments to Belhaven University.
