Make a One-Time Payment
1. On BlazeNet, go to Finances Tab and select the Make a Payment option
2. Choose what type of payment you are making
3. Select your method of payment

Automated Payment Plan:

Belhaven.afford.com
- Belhaven offers an automated payment plan service in partnership with TMS. Once enrolled, the plan allows your credit card, savings account or checking account to be automatically billed monthly according to your payment schedule.
- Both semester and annual plans are available and may be extended for 4, 8, 10 or 12 months. Service fees will vary based upon the payment plan selected.
- Plans may begin in January, March, May, July, August or October.
- Before selecting your payment plan, contact a Student Accounts Specialist at (601) 968-5933 to discuss your individual needs and establish a payment plan based on your course schedule (for example, if you are a Teacher Certification student, we suggest the 4 month option based on the length of time for the degree).
- Once you have spoken with a Student Accounts Specialist, you will access Belhaven.afford.com to select your payment plan and enter the appropriate amount you wish to finance. This automated process will draft your credit card/account each month.
- You may also call (800) 722-4867 for assistance with enrolling in the plan.

To check the status of your Belhaven student account, please use BlazeNet, under the Finances tab at www.belhaven.edu

Make sure you have signed your Master Promissory Note and completed your Entrance Counseling at http://studentloans.gov if you have not done so previously.
